

HALTON-PEEL DENTAL ASSOCIATION
60TH ANNIVERSARY

Letter from the President

Dear Friends and Colleagues,

Connecting with your local dental community has never been more important. The challenges posed by the COVID-19 pandemic have made many of us take stock of what truly is most important in our daily lives.

We exist to take care of each other. As dental health care providers, we strive to offer our very best to all of our patients in our community. Our diagnostic and treatment skills develop from daily habits of excellence and a commitment to ongoing education.

This is your invitation to renew your HPDA membership, join as a new member, and to consider becoming involved with our dynamic team of HPDA executives. We encourage and welcome new, fresh ideas that will continue to advance our association.

We are proudly celebrating 60 years of the HPDA. You have to be a part of this rich history. We have planned another excellent year of continuing education as we honour and recognize our past, present, and future.

As I write this invitation letter, in early June of 2021, we remain uncertain of the COVID-19 restrictions in our province. However, we are hopeful that our year of planning will offer virtual, live in person, and hybrid meetings for our members.

We are offering membership for the same low fee as last year: \$199 + HST.

The membership fee for newly licensed dentists is \$99 + HST.

Please review our calendar of events and imagine connecting with friends and colleagues in a healthier world.

Have a safe and joyful summer! We look forward to being with you soon.

Dr. Michael Vrbensky, DDS

President, Halton-Peel Dental Association 2021/22
